

# Electrical Accessory Bracket to suit Toyota Hilux N80

This TLR Products Accessory Fuse Bracket is a neat and simple solution to provide mounting locations for electrical accessories.

The bracket is designed to suit a Toyota Hilux N80 series OEM battery location and mounts on top of the battery using the OEM hardware.

This design is quite universal and may suit various other fitments.

There are a generous number of mounting holes provided which accommodate several components in various configurations to help achieve each desired setup and includes various cable tie slots to help provide a neat and tidy wiring solution.

The pre-cut holes allow for fitting:

- Single Midi Fuse Holders
- Twin Midi Fuse Holders
- 12v Circuit Breakers
- Electrical Relays
- Buzz Bar
- Terminal Posts

## Features:

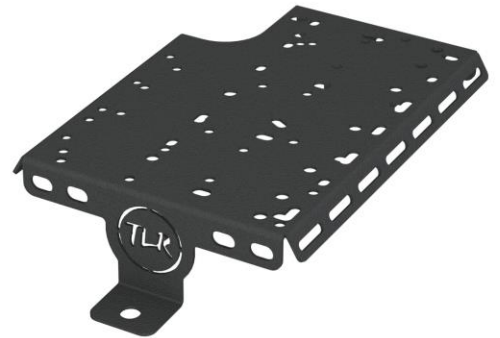

- Laser cut from 1.5 mm stainless steel.
- Powder coated in a black textured finish for added corrosion resistance.
- Easy fitment mounts to existing mounting bolts.
- Accommodates various configurations.

## Includes:

- 1 x TLR Products Electrical Accessory Bracket

## Note:

- Weight: 0.7 kg
- Dimensions: 230 x 140 x 60 mm
- Warranty: 3 years
- Fitting time: 20 mins
- Bracket only. All accessories sold separately.
- May not suit some batteries with large cell caps on top of the battery.
