

Air Compressor Bracket to suit a Toyota Prado 150 series

This Air Compressor Bracket is design to suit fitment of an ARB Single Air Compressor and locates in the rear driver side area of the engine bay of a Toyota Prado 150 Series. This compressor mounting bracket also has a mounting hole location to suit a standard style carling rocker switch to help result in a neat and simple fitment.

This bracket has been developed using the latest 3D modelling to create a simple yet intricate design which utilises existing mounting holes and requires no drilling or modification for installation.

Features:

- Mounting holes to suit ARB Single Air Compressor part number CKMA12
- Laser cut from Zinc coated 2 mm steel
- Powder coated in a black textured finish for added corrosion protection
- Carling switch mounting location

Includes:

- 1 x TLR Products Air Compressor Bracket
- Fitting kit including all hardware and fasteners required for fitment

Note:

- Weight: .80 kg
- Dimensions: 350 x 300 x 200 mm
- Warranty: 3 years
- Fitting time: 30 mins
- Mounting bracket set only. Compressor, fittings and accessories sold separately
