## FITTING INSTRUCTIONS

1. This Battery Tray is designed for universal fitment, TLR Products recommend use of 6 mounting points with a minimum of 4 mounting points to be used.
2. Position Battery Tray into mounting location and select the mounting holes to be used.  
*Note: there are several mounting holes located along the bottom of the battery tray and along the back recess.*
3. Fit Battery Tray into position
4. Install any electrical accessories on either side of the Battery Tray. There are several holes available for items such as REDARC BCDC Charger, Midi Fuse holders, Cig Sockets and Anderson plugs.
5. Lift battery into position and install the 2 x TLR Products Mounting Straps to fix battery into place.  
See Photo below for example.
