

Battery Box to suit a Mitsubishi Triton MR series

This TLR Products Battery Box is to suit a Mitsubishi Triton MR series 2017-on, designed to mount into the rear left-hand side of the OEM tub (behind the wheel arch) and specifically places mounting holes to ensure the box is mounted to the strongest points EG. Tiedown points, Floor bracing where available in this area, this mounting location also ensures the battery box fits alongside rear drawer's systems, underneath some wing panels of popular drawers and includes a robust cover panel to help protect the battery from any loose items.

Mounting holes are provided in the battery box to accommodate the REDARC BCDC charger, Midi fuse holders, Anderson plugs and 12v outlets.

Features:

- Manufactured from Zinc coated 2 mm steel with a 1.5 mm cover panel.
- Powder coated in a texture black finish for added corrosion resistance.
- Accommodates most 120AH batteries.
- Fits with most of the popular drawer units on the market.
