

Luggage Divider to suit Suzuki Jimny JB74W

A big reason the Jimny has so much appeal is its compact size - but with this - comes little space for cargo. We had already manufactured a Top Storage Shelf to mount to the rear grab rail bolts and when we learned the OEM cargo barrier was no longer available, we set about finding a solution to solve this too.

We designed a Luggage Divider that mounts to the TLR Products Top Shelf, utilising the three factory bolt holes at the bottom of the rear windows which results in no drilling required for installation. This design allowed us to keep the overall weight down, as making it independently mounted would require additional mounting brackets.

Features:

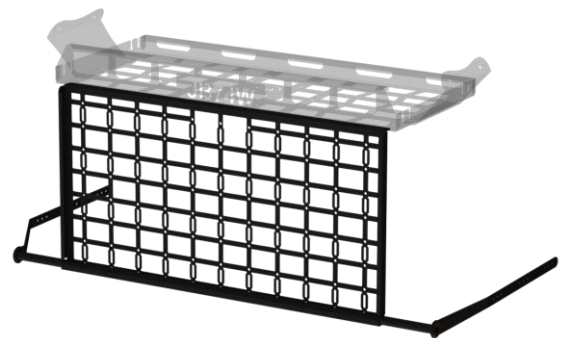

- Laser cut from zinc coated 1.5 mm steel
- Powder coated in a black textured finish
- Custom grid pattern to reduce weight and allow the fitment of Molle pouches
- Compatible with false floors, and drawer units
- Easy no drill installation utilising existing mounting holes

Includes:

- 1 x Luggage Divider
- Fitting kit including all hardware and fasteners required for fitment

Note:

- This product is a luggage divider or pet barrier only and is NOT a rated cargo barrier
- The TLR Products Top Shelf is required to fit this Luggage Divider – Sold Separately.
- Weight: 7 kg
- Dimensions: 210 x 95 x 95 mm
- Warranty: 3 years
- Fitting time: 30 mins

TLR Products is Australian owned, with all manufactured products designed and made in Newcastle, NSW.
