

# Aerial Bracket to suit OEM Roller Shutter

This Aerial Bracket is designed to mount to either the left- or right-hand side mounting channels located on a Ford Ranger RA series , Ford Ranger PX series and Toyota Hilux N80 series OEM roller shutters.

This product is a great solution for mounting a UHF aerial to your vehicle if you do not have a bulbar or even simply an alternate option out of the line of sight.

The Aerial Bracket mounts to the existing mounting channels using channel studs provided in the fitting kit.
