

UHF Microphone Mount–Right Side to suit Ford Ranger/Ranger Raptor/ Everest RA Series

TLR Products UHF Microphone Mount is designed to mount on the **"Right Hand Side"** of the center console on a Ford Ranger / Everest / Ranger Raptor.

This mount is the perfect addition to provide a secure mounting location for a UHF Microphone/Handpiece without the need for any modification or drilling of holes which affect the interior of the vehicle.

The Mount have holes to accommodate most Microphone mounting base plates such as the GME clip on style (MB206) and the GME magnetic mounting base (MB207), there is also a 28 x 18mm rectangle hole to suit "Toyota Short Switches" EG. XRS-RJ45W1 (RJ45 Pass-Through Adapter - Type 1).

Features:

- 3D Printed from high quality ABS plastic with a textured surface for aesthetics.
- Accommodates most UHF mounting bases.
- Accommodates Toyota Short Switch RJ45 pass-through.

Includes:

- 1 x TLR Products Microphone Mount.

Note:

- Weight: .01 kg
- Dimensions: 90 x 70 x 40 mm
- Warranty: 3 years
- Fitting time: 10 min
- Microphone Mounting Base Plates & RJ45 Pass-Through Adapter sold separately.
