

Aerial Bracket – Rear Door Hinge to suit GWM Tank 300

This TLR Products Aerial Bracket is designed to mount to the top right-hand side rear door hinge of the GWM Tank 300. The bracket utilises existing mounting holes and requires no drilling or modification to the vehicle for installation.

This is the perfect option for mounting a UHF Aerial to your vehicle if you do not have a bull bar installed or an alternate option out of the line of sight.

Features:

- Laser cut from 3 mm stainless steel.
- Powder coated in a black textured finish for added corrosion resistance.
- Easy fitment with no drilling or modification required.
- Utilises existing OEM mounting bolts.

Includes:

- 1 x TLR Products Aerial Bracket
- Fitting kit including all hardware and fasteners required for fitment.

Note:

- Weight: .35 kg
- Dimensions: 120 x 110 x 60 mm
- Warranty: 3 years
- Fitting time: 30 mins
- Bracket set only. Aerial sold separately.

TLR Products is Australian owned, with all manufactured products designed and made in Newcastle, NSW.
