

UHF Microphone Mount – OEM Air Vent to suit Toyota Landcruiser 70 Series Range

TLR Products UHF Microphone Mount is designed to mount to any of the Factory Air Vents on the Toyota Landcruiser 70 series range from 2009 to current, includes 76 series, 78 series and 79 series models along with the facelifted variants.

This mount is the perfect addition to provide a secure mounting location for a UHF Microphone/Handpiece without the need for any modification or drilling of holes which affect the interior of the vehicle.

The Mount has holes to accommodate most Microphone mounting base plates such as the GME clip on style (MB206) and the GME magnetic mounting base (MB207). TLR Products suggest the passenger side center air vent as the preferred mounting location.

Features:

- 3D Printed from high quality ABS plastic with a textured surface for aesthetics.
- Accommodates most UHF mounting bases.

Includes:

- 1 x TLR Products Microphone Mount.
- Fitting kit including all hardware and fasteners required for fitment.

Note:

- Weight: .02 kg
- Dimensions: 110 x 90 x 30 mm
- Warranty: 1 years
- Fitting time: 10 min
- Microphone Mounting Base Plates sold separately.

TLR Products is Australian owned, with all manufactured products designed and made in Newcastle, NSW.
