

# Quadlock®/Ram® Mounting Base to suit Toyota Landcruiser 70 Series

This TLR Products Quadlock®/Ram® Mounting Base is designed to mount to the driver's side grab handle mounting point on the Toyota Landcruiser 70 series range. This design makes use of existing hardware and is shaped to provide a convenient and seamless fit.

The design includes 4 x provisions which are to suit the standard AMPS hole spacing pattern of 38 x 30 mm, this ensures options from both Quadlock® and RAM® Mounts are compatible.

The Mount has been carefully designed to compliance with ADR rules and regulations and ensure there is no obstruction with any Airbag Deployment Zones.

For a complete Quadlock solution, we recommend the TLR741209 Bundle which includes all necessary parts.

## Features:

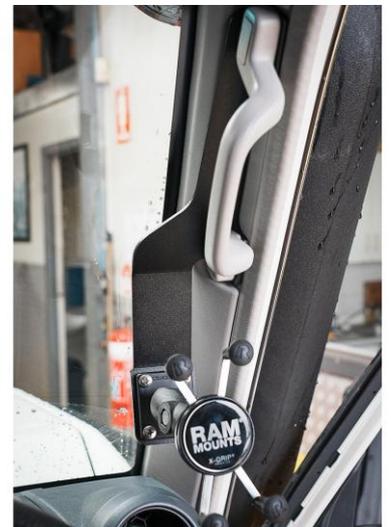

- Manufactured from durable 3.00 mm Zinc Coated Steel and powder coated in a textured black coating for added aesthetics.
- Includes the standard AMPS mounting pattern to suit Both Quadlock® and RAM® mounts.
